International Journal of Ageing and Later Life

The International Journal of Ageing and Later Life (IJAL) serves an audience interested in social and cultural aspects of ageing and later life development. The title of the journal reflects an attempt to broaden the field of ageing studies. In addition to studies on later life, IJAL also welcomes contributions focusing on adult ageing as well as relations among generations.

Being an international journal, IJAL acknowledges the need to understand the cultural diversity and context dependency of ageing and later life. IJAL publishes country- or cultural-specific studies as long as such contributions are interesting and understandable for an international audience.

In order to stimulate exchange of ideas on ageing across many parts of the world, IJAL is available free of charge to anyone with Internet access (www.ep.liu.se/ej/ijal).
