OLD AGE EXCLUSION: THEORETICAL, CONCEPTUAL AND CRITICAL POLICY CONTRIBUTIONS

Guest Edited by: Sandra Torres (Uppsala University, Sweden)

The International Journal of Ageing and Later Life (IJAL) serves an audience interested in social and cultural aspects of ageing and later life development. As such, the Journal welcomes contributions that aim at advancing the conceptual and theoretical debates of relevance on ageing and later life research. Contributions based on empirical work as well as methodologically interested discussions are also welcome, as long as they contribute to the above-mentioned discussions.

Being an international journal, IJAL acknowledges the need to understand the cultural diversity and context dependency of ageing and later life. The journal accepts country- or cultural-specific studies that do not necessarily include international comparisons as long as such contributions are interesting and understandable for an international audience.

To assure high scholarly standard IJAL uses a double blind review process.
